The Timken Company Enterprise Agreement with InnerWorkings For Printed Materials

Chicago, IL September 22, 2005

InnerWorkings has entered into an enterprise agreement with The Timken Company to become the primary supplier of all their printed materials.

As part of the agreement, InnerWorkings will be providing dedicated resources, its proprietary technology, systems and processes to help manage Timken's print spend.

Akron, OH-based The Timken Company is a leading provider of highly engineered bearings, alloy steels and related products. Its services turn up everywhere -- on land, on sea, and in space. The company has operations in 27 countries, sales of \$4.5 billion in 2004 and 26,000 employees.
